

SR-522 HOV Enhancements - Kenmore

This project includes HOV improvements in the City of Kenmore along SR-522 between 73rd Avenue and 83rd Avenue. SR 522 was widened to allow the addition of north and southbound business access and transit (BAT) lanes. The project also includes replacement of the Swamp Creek Bridge, improvements to 80th Avenue, sidewalks, a retaining wall, new traffic signals and improved illumination.
